Statement

We, FrieslandCampina Professional, would like to inform you about the current status of the specification for the following article:

900090 - Dbc BTr Con 4x2,5kg Bar Box EP CHEP Poly

Due to our transition to a new specification management system, all data is currently being transferred and validated. As a result, a new version of the specification is not yet available.

We can guarantee that the content of the specification has not changed and continues to meet all applicable quality and safety standards.

With this statement, we would like to extend the validity of the current specification by one year.

We trust to have informed you sufficiently.

On behalf of FrieslandCampina,

Martine Aben
QA Sales Officer
