As eggs are a natural product, the actual nutritional content may vary from these average values depending on the time of year, feed and age of the hens.

GMO-Information

In accordance with Regulations (EC) N° 1829/2003 and (EC) N° 1830/2003, we confirm that the product:

- contains no genetically modified organisms (GMOs)
- does not consist of GMOs
- was not produced from GMOs
- contains no ingredients that were produced from GMOs, including additives and flavourings.

Exceptions to this are accidental or technically unavoidable contamination with genetically modified material up to a threshold value of 0.9% with respect to the individual ingredients.
There is no labelling requirement.
