

# Yantai Bagmart Packaging Co. Ltd.

222 Dian Xin Lu, Fushan District, Yantai Shandong China.

Postal Code :265500

## TECHNICAL DATA SHEET

FOR PP plastic bag

### Product Description

PP plastic Bags are made of resin by Polypropylene. It is mainly used in packing field.

#### Characteristics

It is light, flexible, transparent, easy to use.

#### Applications

- Food packing,
- goods packaging,
- document classification, etc

### physical properties

Density	ASTM D2839/d1505	0.88~0.913 g/cm <sup>3</sup>
Melting Temperature	ASTM D648/D1525	116 °C ~151 °C
Temperature range of using		-10 °C ~80 °C

Product Properties		Test based on	Typical value/Unit
Tensile Strength	MD	GB 13022—91	TBD
	TD		TBD
Elongation Breaking	MD	GB 13022—91	TBD
	TD		TBD
light transmittance		GB 2410—80	TBD
Haze		GB 2410—80	TBD
Side Seal Strength		QB/T 2358—1998	TBD N/15mm

Note: Measurement of the product properties is based on a 0.05 mm thick bags. Its typical value is average.
